

Pupil Premium Impact Statement | 2016 - 2017

End of Key Stage 2 2017 test data

Standardised Score		Below 100	100 -109	Above 110
Reading	PP	1	1	1
	Non PP		3	5
Maths	PP	2	1	
	Non PP		6	2
Grammar Punctuation and Spelling	PP	2	1	
	Non PP		5	3

- In the 2016/7 cohort there were eleven pupils of which three qualified as pupil premium and took the Maths, Reading and GPS SATs tests. Writing was Teacher Assessed and so not included in the above data. One pupil who was Pupil Premium joined our school at the beginning of the academic year 2016 - 2017.
- In comparison to the pupils who are not Pupil Premium the outcomes for the Pupil Premium pupils are not in line with them in terms of attainment, however when removing the mobile child, the data shows a different picture. Pupil Premium outcomes for pupils who are not mobile are in line with pupils who are not Pupil Premium in reading. Even though the results in Maths and GPS are slightly below for the Pupil premium pupils who are not mobile the standardised scores were within 2 points of 100.
- Attendance of pupils eligible for pupil premium is good. Attendance percentage for 2016/17 is 96.83%. This is in line with the national attendance figures for all primary school pupils and has increased since the last academic year. The positive attendance figures indicate that Pupil Premium children enjoy learning at Redmarley C of E Primary Academy.
- Pupil Premium pupils are able to use Breakfast Club at no cost.
- Pupil Premium pupils have been supported when attending School Trips. This has been a 50% reduction on the price and on occasions if a family has not been able to pay then the full amount has been committed from Pupil Premium. This has resulted in pupils who are in receipt of Pupil Premium experiencing enriched curriculum activities enabling them to be fully engaged in their learning.
- Pupil Premium funding was used to support the emotional well-being of a pupil. They received Lego therapy for 12 weeks by a trained counsellor. Progress made by this pupil exceeded expectations.
